

Continuing Education Workshops and Resources for Teachers

Project Title	Continuing Education Workshops and Resources for Teachers
Project Summary	Are you interested in education? Do you have a passion for America's National Public Lands? If so this is the internship for you! Interns will develop a toolbox that will provide Educators with programs and partnerships to get continuing education credits and teach students when completed.
Country	United States

Project Description

United States teachers are in need of gaining Continuing Education credits. The National Park Service would like to offer programs to teachers to explore their national parks and get continuing education credits that will enhance the younger generations appreciation for National Parks by bringing teacher workshop information back to classrooms. The intern will work for 10 hours per week with the Education Team to create and install Teacher Workshops and partnerships with schools. Interns will create lesson plans for teachers that meet State standards and work to create partnerships with schools as continuing education credits.
